Volume 1000

Contents

Preface vii

Recollections on the origins of molecular biology
J. Brachet (Belgium) 1
on 'Proteines de structure de Szent-Györgyi et thymonucléohistone'
J. Brachet and R. Jeener
BBA 1 (1947) 13–20 6

In retrospect: a commentary by
E. Chargaff (U.S.A.) 15
on 'Studies on the structure of ribonucleic acids'
B. Magasanik and E. Chargaff
BBA 7 (1951) 396–416 17

Preparation and length measurements of the total DNA content of T_2 bacteriophages: a commentary by
A.K. Kleinschmidt (F.R.G.) 35
on 'Darstellung und Längenmessungen des gesamten Desoxyribonucleinsäure-Inhaltes von T_2-Bakteriophagen'
A.K. Kleinschmidt, D. Lang, D. Jachertz and R.K. Zahn
BBA 61 (1962) 857–864 41

Commentary by
P. Reichard (Sweden) 49
on 'Formation of deoxycytidine 5′-phosphate from cytidine 5′-phosphate with enzymes from *Escherichia coli*'
P. Reichard and L. Rutberg
BBA 37 (1960) 554–555 51

The early history of DNA polymerase: a commentary by
A. Kornberg (U.S.A.) 53
on 'Enzymic synthesis of deoxyribonucleic acid'
A. Kornberg, I.R. Lehman, M.L. Bessman and E.S. Simms
BBA 21 (1956) 197–198 57

Recollections on studies of polynucleotide phosphorylase: a commentary by
M. Grunberg-Manago (France) 59
on 'Enzymic synthesis of polynucleotides. I. Polynucleotide phosphorylase of *Azobacter vinelandii*'
M. Grunberg-Manago, P.J. Ortiz and S. Ochoa
BBA 20 (1956) 269–285 65

On looking back at a Biochimica et Biophysica Acta paper published 32 years ago: a commentary by
A. Rich (U.S.A.) 82
on 'Studies on the formation of two- and three-stranded polyribonucleotides'
G. Felsenfeld and A. Rich
BBA 26 (1957) 457-468 87

Commentary by
R.W. Holley (U.S.A.) 99
on 'Countercurrent distribution of rat-liver "soluble"-fraction ribonucleic acids'
R.W. Holley, B.P. Doctor, S.H. Merrill and F.M. Saad
BBA 35 (1959) 272–273 100

Commentary by
M.B. Hoagland (U.S.A.) 103
on 'Intermediate reactions in protein biosynthesis'
M.B. Hoagland, P.C. Zamecnik and M.L. Stephenson
BBA 24 (1957) 215–216 106

The way it was: a commentary by
M. Cohn (U.S.A.) 109
on 'Studies on the induced synthesis of β-galactosidase in *Escherichia coli*: The kinetics and mechanism of sulfur incorporation'
D.S. Hogness, M. Cohn and J. Monod 113
BBA 16 (1955) 99-116
with BBA 7 (1951) 585–599 (summary) 131

Tryptophan synthetase of *E. coli*: a multifunctional, multicomponent enzyme; a commentary by
C. Yanofsky (U.S.A.) 133
on 'A second reaction catalyzed by the tryptophan synthetase of *Escherichia coli*'
C. Yanofsky
BBA 31 (1959) 408–416 137

A case of sickle-cell anaemia: a commentary by
V.M. Ingram (U.S.A.) 147

continued

on 'Abnormal human haemoglobins. I. The comparison of normal human and sickle-cell haemoglobins by 'fingerprinting'.'
V.M. Ingram
BBA 28 (1958) 539–545 151
with 'II. The chymotryptic digestion of the trypsin-resistant 'core' of haemoglobins A and S'
J.A. Hunt and V.M. Ingram
BBA 28 (1958) 546–549 (summary) 158
and 'III. The chemical difference between normal and sickle cell haemoglobins'
V.M. Ingram
BBA 36 (1959) 402–411 (summary) 158

The interaction of actin and myosin 40 years ago: a commentary by
S.V. Perry (U.K.) 159
on 'An electron microscope and X-ray study of actin'
W.T. Astbury, S.V. Perry, R. Reed and L.C. Spark
BBA 1 (1947) 379–392 163
with BBA 1 (1947) 506–516 (summary) 178

Note on the work of
F.B. Straub (Hungary) 179
concerning 'Adenosine triphosphate. The functional group of actin'
F.B. Straub and G. Feuer
BBA 4 (1950) 455–470 180

Commentary by
C.B. Anfinsen (U.S.A.) 197
on 'Studies on the structural basis of ribonuclease activity'
C.B. Anfinsen, W.F. Harrington, Aa. Hvidt, K. Linderstrøm-Lang, M. Ottesen and J. Schellman
BBA 17 (1955) 141–142 200

Commentary by
K. Yagi (Japan) 203
on 'Crystallization of Michaelis complex of D-amino acid oxidase'
K. Yagi and T. Ozawa
BBA 60 (1962) 200–201 207

Enzyme kinetics revisited: a commentary by
W.W. Cleland (U.S.A.) 209
on 'The kinetics of enzyme-catalyzed reactions with two or more substrates or products'
W.W. Cleland
BBA 67 (1963) 104 ff. 213
with BBA 67 (1963) 173, 188 (summaries) 221

Commentary by
T. Bücher (F.R.G.) 223
on 'Über ein phosphatübertragendes Gärungsferment'
T. Bücher
BBA 1 (1947) 292–314 228

Commentary by
C. Liébecq (Belgium) 251
on 'The toxicity of fluoroacetate and the tricarboxylic acid cycle'
C. Liébecq and R.A. Peters
BBA 3 (1949) 215–230 254

Travelling to, and along, the glyoxylate bypass: a commentary by
H.L. Kornberg (U.K.) 271
on 'Synthesis of C_4-dicarboxylic acids from acetate by a 'glyoxylate bypass' of the tricarboxylic acid cycle'
H.L. Kornberg and N.B. Madsen
BBA 24 (1957) 651–653 275

Enzymes of fatty acid metabolism: a commentary by
S. Ochoa (Spain) 279
on 'Enzymes of fatty acid metabolism'
F. Lynen and S. Ochoa
BBA 12 (1953) 299–314 281

Commentary by
E.H. Fischer and E.G. Krebs (U.S.A.) 297
on 'The phosphorylase *b* to *a* converting enzyme of rabbit skeletal muscle'
E.G. Krebs and E.H. Fischer
BBA 20 (1956) 150–157 302

Commentary by
J. Larner and C. Villar-Palasí (U.S.A.) 311
on 'Insulin-mediated effect on the activity of UDPG-glycogen transglucosylase of muscle'
C. Villar-Palasí and J. Larner
BBA 39 (1960) 171–173 314

Commentary by
C. de Duve (Belgium, U.S.A.) 317
on 'Intracellular Localization of Catalase and of Some Oxidases in Rat Liver'
C. de Duve, H. Beaufay, P. Jacques, Y. Rahman-Li, O.Z. Sellinger, R. Wattiaux and S. De Coninck
BBA 40 (1960) 186–187 321

Commentary by
E.C. Slater (U.K.) 323
on 'The oxidation of glutamate by rat-heart sarcosomes'
P. Borst and E.C. Slater
BBA 41 (1960) 170–171 327

Commentary by
M.D. Kamen (U.S.A.) 329
on 'Comparative studies of bacterial cytochromes'
M.D. Kamen and L.P. Vernon
BBA 17 (1955) 10–22 331

Commentary by
B. Chance (U.S.A.) 345
on 'New methods for the study of the carbon monoxide compounds of respiratory enzymes'
B. Chance, L. Smith, and L. Castor
BBA 12 (1953) 289–298 348

Comments on the discovery of coenzyme Q: a commentary by
F.L. Crane (U.S.A.) 358
on 'Isolation of a quinone from beef heart mitochondria'
F.L. Crane, Y. Hatefi, R.L. Lester and C. Widmer
BBA 25 (1957) 220–221 362

Commentary by
A.W. Linnane (Australia) 365
on 'Chloramphenicol inhibition of the formation of particulate mitochondrial enzymes of *Saccharomyes cerevisiae*'
M. Huang, D.R. Biggs, G.D. Clark-Walker and A.W. Linnane
BBA 114 (1966) 434–436 367

Energy-linked nicotinamide nucleotide transhydrogenase 1963–1988: a commentary by
C.-P. Lee and L. Ernster (U.S.A., Sweden) 371
on 'Equilibrium studies of the energy-dependent and non-energy-dependent pyridine nucleotide transhydrogenase reactions'
C.P. Lee and L. Ernster
BBA 81 (1964) 187–190 377

Reflections on the early studies of the mechanism of photophosphorylation in isolated chloroplasts: a commentary by
M. Avron (Israel) 381
on 'The relation of photosynthetic phosphorylation to the Hill reaction'
M. Avron, D.W. Krogmann and A.T. Jagendorf
BBA 30 (1958) 144–153 384

The study of reaction centers and of the primary and associated reactions of photosynthesis by means of absorption difference spectrophotometry: a commentary by
L.N.M. Duysens (The Netherlands) 395
on 'Reversible changes in bacteriochlorophyll in purple bacteria upon illumination'
L.N.M. Duysens, W.J. Huiskamp, J.J. Vos and J.M. van der Hart
BBA 19 (1956) 188–190 400

Intermediates in the photosynthetic cycle: a commentary by
M. Calvin (U.S.A.) 403
on 'Intermediates in the photosynthetic cycle'
J.A. Bassham, S.A. Barker, M. Calvin and U.C. Quarck
BBA 21 (1956) 376–377 408

Commentary by
O. Kedem (Israel) 411
on 'Thermodynamic analysis of the permeability of biological membranes to non-electrolytes'
O. Kedem and A. Katchalsky
BBA 27 (1958) 229–246 413

Commentary by
R.K. Crane (U.S.A.) 431
on 'On the mechanism of the intestinal absorption of sugars'
R.K. Crane and S.M. Krane
BBA 20 (1956) 568–569 433

The identification of the sodium-pump as the membrane-bound Na^+/K^+-ATPase: a commentary by
J.C. Skou (Denmark) 435
on 'The influence of some cations on an adenosine triphosphatase from peripheral nerves'
J.C. Skou
BBA 23 (1957) 394–401 439

A 'nova' in phosphate metabolism, GPG, and discovery of phosphatidylglycerol: a commentary by
A.A. Benson and B. Maruo (U.S.A., Japan) 447
on 'Plant phospholipids. I. Identification of the phosphatidyl glycerols'
A.A. Benson and B. Maruo
BBA 27 (1958) 189–195 452

The isolation of a new complex lipid: triphosphoinositide from ox brain: a commentary by
R.M.C. Dawson (U.K.) 459
on 'The isolation of a new complex lipid: triphosphoinositide from ox brain'
J.C. Dittmer and R.M.C. Dawson
BBA 40 (1960) 379–380 462

continued

Commentary by
L.E. Hokin and M. Hokin-Neaverson (U.S.A.) 465
on 'Effects of acetylcholine on the turnover of phosphoryl units in individual phospholipids of pancreas slices and brain cortex slices'
L.E. Hokin and M.R. Hokin
BBA 18 (1955) 102–110 470
